

SHITHOT WAXTIK

ISSUED by: U-BEAUT POLISHES

Issue Date: December 2022

Document No: WSLG

NOT CLASSIFIED AS HAZARDOUS ACCORDING TO THE CRITERIA OF WORKSAFE AUSTRALIA

Product & Supplier Identification

Product Name : SHITHOT WAXTIK
Other Names : Woodturners Wax Stick
Company : U-Beaut Enterprises
Address : 74 Anomaly St, Moolap, Vic 3224 Australia
Telephone : (03) 5248 3030
After Hours :
USE : Hard wax finish for woodturned items.

Hazards Identification

Non hazardous material

Ingredient Composition / Information

Appearance: Solid, hard, cylindrical, stick of wax.
Ingredients: Mix of hard non hazardous animal, vegetable and mineral waxes

First Aid Measures

Swallowed : No hazards identified. Rinse mouth with water.
Eye : Non-hazardous. Remove contact lenses, bathe with water for 10 minutes lifting eyelid occasionally
Skin : Non-hazardous. Wash off with warm soap and water.
Inhalation of Vapours : Not applicable.

Fire Fighting Measures

Extinguishing Media : Use extinguisher in accordance with primary source of fire.
Fire / Explosion Not explosive
Hazards : Contact with molten wax may cause thermal burns.

Flammability: This material may burn, but will not ignite easily

Accidental Release Measures

Spills & Disposal : Sweep up any broken bits and dispose of in normal the rubbish

Handling & Storage

General : Store below 60°C. No other special storage required.

Exposure Controls / Personal Protection

Exposure Standards : No value assigned .
Engineering Controls : No special precaution necessary, general ventilation is sufficient.
Personal Protection : Use and maintain good industrial hygiene.

Physical & Chemical Properties

Appearance :	Pale cream coloured solid wax.
Odour :	Feint waxy odour.
pH :	Not available
Vapour Pressure :	Not available
Boiling Point :	343°C
Melting Point :	83°C
Solubility in water :	Insoluble
Specific Gravity :	Not available
Flammability Limits :	Not available

Stability & Reactivity

Chemical Stability :	This product is considered to be stable.
Conditions to avoid :	No specific data available for this product. However, it is recommended that sources of extreme heat, be avoided.
Incompatible Materials :	None known.
Hazardous Decomposition :	If engulfed in fire product may melt
Hazardous Reactions :	This product will not undergo hazardous polymerisation.

Toxicological Information

Not toxic or harmful

Ecological Information

Ecotoxicity :	No specific data is available for this product.
Degradation :	No specific data available.
Mobility :	No specific data available.

Transport Information

Use and store this material in a cool, dry, area away from sources of extreme heat.

Whilst every care has been taken in compiling these instructions, U-Beaut Enterprises, U-Beaut Polishes, its employees, contractors and agents neither warrant nor represent that the material published herein is accurate or free from errors or omissions.
